

H 609

LIGHTWEIGHT AND BI-ELASTIC INTERLINING

New
release

Roll: 75 cm x 25 m // 100% PA //   //   

H 609 is a lightweight, fusible knit interlining, made out of fine Polyamide yarn.

This very special construction grants a very soft and elegant hand feel.

Due to its extreme elasticity in warp and weft direction, it is an ideal interlining for large and small part fusing of very elastic high class outer fabrics, e.g. Jerseys.

The excellent adhesive coating grants easy application by hand iron and outstanding adhesion even after many cycles of care treatment.

VLIESELINE® INTERFACINGS

FIRST CHOICE FOR CREATIVE NEEDLEWORK – HOWEVER AMBITIOUS YOUR PROJECT

Vlieseline® Interfacings contain all the knowledge and experience gathered from years of production at Freudenberg. Our range of Interfacings provide shape and support to garments and to creative and decorative work and you can be sure always to find the right product for your project.

Whether you want to create blouses, shirts or jackets and no matter what kind of fabric you use – you can choose from our selection of HIGH-QUALITY IRON-ON AND SEW-IN WOVEN AND NONWOVEN INTERLININGS.

VLIESELINE® TAPES are your 'Speedy Helper' when your project needs shape, support and stabilization during and after sewing. All our tapes are easy to iron-on, and they are time-saving and efficient.

The VLIESELINE® CREATIVE RANGE is ideally suited for all kind of handicraft work like creative applications, embroideries, bags, patchwork and quilts and other textile craft work. You can even create your own individually designed outer fabric.

VLIESELINE® BATTINGS are the right choice for many craft, garment and patchwork projects. Available in a range of thicknesses: soft high bulk, compressed and soft, slightly lofty, you find a selection of Sew-in and Iron-on.

Vlieseline® Brandname Interlinings – the ideal interlining for every application, versatile use and genuine only with the Trademarks. For more information please check out our website www.vlieseline.com, where you will find many 'How-to Videos' showing you exactly how to apply the various qualities.

BEFORE YOU START PROCESSING THE INTERLINING, WE RECOMMEND MAKING AN IRONING SAMPLE TO CHECK THE HANDLE AND THE BOND.
