

P 120, P 140

LIGHT AND SOFT VOLUME NONWOVENS – FLAME-RETARDANT

Width: 150 cm // 100% PES //  //  

The universal volume fleeces P 120 and P 140 are ideal for quilting and patchwork as well as for warm, lightweight clothing. P 120 and P 140 are ideally suited for safety and functional clothing, upholstery, bed linen, etc.

Both products are of high quality:

- > light and soft
- > surface with very low fibre-migration
- > flame-retardant
- > flame resistant (according to ONORM A-3800)
- > retains its shape even after multiple washes
- > Eco-TEX certification (Test NR. 52641)

General PROCESSING INSTRUCTION: Lay the right side of the fabric on top of the fleece and stitch or quilt from the fabric side. Thereby quilts become more easily workable.

For warm clothing it is advisable to stitch the volume nonwoven and the lining together to avoid movement between the layers.

P 140 is significantly more voluminous than P 120.

P 120 is also available as an XXL-Pre-Pack (250 cm x 300 cm).

VLIESELINE® INTERFACINGS

FIRST CHOICE FOR CREATIVE NEEDLEWORK – HOWEVER AMBITIOUS YOUR PROJECT

Vlieseline® Interfacings contain all the knowledge and experience gathered from years of production at Freudenberg. Our range of Interfacings provide shape and support to garments and to creative and decorative work and you can be sure always to find the right product for your project.

Whether you want to create blouses, shirts or jackets and no matter what kind of fabric you use – you can choose from our selection of HIGH-QUALITY IRON-ON AND SEW-IN WOVEN AND NONWOVEN INTERLININGS.

VLIESELINE® TAPES are your 'Speedy Helper' when your project needs shape, support and stabilization during and after sewing. All our tapes are easy to iron-on, and they are time-saving and efficient.

The VLIESELINE® CREATIVE RANGE is ideally suited for all kind of handicraft work like creative applications, embroideries, bags, patchwork and quilts and other textile craft work. You can even create your own individually designed outer fabric.

VLIESELINE® BATTINGS are the right choice for many craft, garment and patchwork projects. Available in a range of thicknesses: soft high bulk, compressed and soft, slightly lofty, you find a selection of Sew-in and Iron-on.

Vlieseline® Brandname Interlinings – the ideal interlining for every application, versatile use and genuine only with the Trademarks. For more information please check out our website www.vlieseline.com, where you will find many 'How-to Videos' showing you exactly how to apply the various qualities.

BEFORE YOU START PROCESSING THE INTERLINING, WE RECOMMEND MAKING AN IRONING SAMPLE TO CHECK THE HANDLE AND THE BOND.
